Classic Lash Extensions vs. Volume Lash Extensions

Classic Lash extensions are a natural-looking set that adhere one extension to 1 natural lash. These are perfect for clients who already have a lot of lashes, but want to add more length.

Volume lashes are more versatile than classic lashes, because they can be designed to have a natural or glamorous look. This style features multiple extensions added to each natural lash to give a fuller, more fluffy look.

Mixed lash extensions are a combination of classic and volume, providing a full but still very natural look.

Lash Life

The lash life of your extensions is dependent on the natural shed of your lashes (avg. 3-4 lashes per day) and how well you care for them. Please see how to properly care for your lashes on our FAQ page.
